I enclose list - as requested.

I am not a nurseryman - do not  
have any inspection, & do not sell  
any plants. But I often exchange  
var<sup>s</sup> in seeds by mail.

List is an old one - I should  
revis, but have not done it. Have lost  
perhaps 200 var<sup>s</sup>, & have added as  
many more. Many in list I  
have under restriction.
